The Best Beaches in Hawaii...

Hawaii has too many incredible beaches to visit in one lifetime, so Travel + Leisure has developed this list. They come in every size, shape, and color: wide, calm expanses that are perfect for families and little ones who just want to dip their toes in the Pacific to tiny, secluded coves where honeymooning couples can get away from the crowds. Best of all, you can access every single one of them, since all of Hawaii's beaches are public.

and places.

The people have a natural curiosity and enthusiasm. I am ready to return and see places I didn't get to. Kikora in Arenal was beautiful.

Truly an oasis though quiet which I love but maybe a younger crowd would want more action. It was clean and the gardens outstanding. The Marriott was perfect. Almost a little too perfect. I think we had the best room in the place.

Amazing. They had piped in ethereal music playing all day and well after the sun went down. But was perfect for maintaining the calm of the guests.

Thank you Alese, American Express was as usual excellent on directing me to travel help. You were very helpful and fun as well.
